

Consolidated financial statements at December 31, 2014

33. Earnings per share

Earnings per share are disclosed at the foot of the income statement.

Basic earnings per share are calculated by dividing the profit (loss) for the year attributable to the owners of the parent by the weighted average of the shares outstanding during the year. Diluted earnings per share are calculated considering the weighted average of the outstanding shares adjusted by assuming the conversion of all the shares with potentially diluting effects.

The following table summarizes the calculation. Please note that following the approval resolution of September 12, 2013, 44,974,754 new ordinary shares of Salini Impregilo S.p.A. were issued to Salini Costruttori S.p.A. in execution of the merger.

The Board of Directors resolved to increase the share capital on June 20, 2014, resulting in the issuance of 44,740,000 new shares. As a result of this operation, which took place on June 25, 2014, the share capital consists of 492,172,691 ordinary shares and 1,615,491 savings shares.

Finally, in October treasury shares were purchased for a total of 3,104,377 shares.

(Amounts in thousands of euros/thousands of shares)	2014	2013
